

JOFEH COMMUNITY REHABILITATION CENTER, JORDAN VALLEY, JORDAN

The Jofeh Center is a community-based outreach program of the Holy Land Institution for the Deaf, offering therapy, vocational training, and in-house workshops to students with a wide range of physical and cognitive disabilities.

The center provides training in trades and skills needed for gainful employment. In addition to offering educational and vocational workshops in the Jordan Valley town of Jofeh, the Center provides in-home therapy in 13 outlying villages to more than 100 patients who otherwise would not be served.
