EASTER APPEAL 2020

At Easter we celebrate the hope of the resurrection by serving our sisters and brothers with dignity and respect at Ahli Arab Hospital in Gaza and Jerusalem Princess Basma Centre.

"We invite our American Friends to stand with us as witnesses to the resurrection in the land of the Holy One by sharing in the healing ministry of our risen Lord."

"Before coming to the Princess Basma Centre I used to feel hopeless about my child's case. Here I am learning from other mothers and seeing other kids progress with therapy. This gives me hope for the future."

Ibtihaj
a mother from Ramallah

"Ahli hospital is the church at work, the hands of Jesus in this desperate place. I thank all of our American friends. Without your strong stand beside us it would be difficult for us to continue. You give us the feeling that we are not alone in this ministry. That we are not forgotten."

JERUSALEM PRINCESS BASMA CENTRE The Mount of Olives

The Mother Empowerment Program serves Palestinian mothers and their newly-diagnosed children with disabilities in a three-week residential program. Mothers participate in their children's therapy and are trained to continue working with their children when they return home. Mothers are taught how to be effective advocates for children with disabilities in their local communities. This life-changing program is the only one of its kind in the West Bank and Gaza.

AHLI ARAB HOSPITAL Gaza

Ahli Arab Hospital is the only Christian hospital serving the 2.1 million people in Gaza. Ahli provides a free community clinic for the poorest Gazans living in Palestinian refugee camps and squalid neighborhoods. The hospital's digital mammogram machine - one of only several in Gaza - is a lifeline for women in Gaza where the incidence of breast cancer is high. When violence strikes in Gaza, Ahli Hospital cares for the wounded and traumatized.
