## ASMA'S TEACHER SAYS

"Asma is a smart student, she also understands what is required of her in the classroom without the teacher asking her. However, she finds math especially challenging, so we are working with her on that this year. I hope that she will be able to finish her education, and I believe that life is full of possibilities for her."

MY NAME IS ASMA. I AM 15 YEARS OLD.

MY FAMILY IS FROM EGYPT. I HAVE TWO BROTHERS AND THREE SISTERS. I WOULD LOVE TO FINISH SCHOOL AND CONTINUE TO GET A COLLEGE DEGREE.

I LOVE ACTING, AND WOULD LOVE TO DO THAT AFTER I FINISH MY COLLEGE.
