Driving Change

Meet Adam, a young boy whose life has been transformed thanks to your support. Due to a lack of oxygen at birth, Adam was left with a physical disability, hindering his basic movements and communication skills. Following a diagnosis, his mother embarked on a journey to find the best way to address her child's needs, ultimately leading them to the Jerusalem Princess Basma Centre. Today, because of the comprehensive rehabilitation services at JPBC, Adam is a vibrant six-year-old, preparing for school and helping his mother at home. Your generosity has turned his mother's dreams into reality, giving Adam the chance to thrive and reach his full potential.
